Conference and Workshop Papers

[C1] Y Zhong, H Chen, S Schaefer, A Zhang and S Leutenegger,
GOPLA: Generalizable Object Placement Learning via Synthetic Augmentation of Human Arrangement,
IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS), 2026.

[C2] S Schaefer, D Henning and S Leutenegger,
GloPro: Globally-Consistent Uncertainty-Aware 3D Human Pose Estimation 38; Tracking in the Wild,
IEEE International Conference on Intelligent Robots and Systems (IROS), Detroit, United States, October 2023.

[C3] D Henning, C Choi, S Schaefer and S Leutenegger,
BodySLAM++: Fast and Tightly-Coupled Visual-Inertial Camera and Human Motion Tracking,
IEEE International Conference on Intelligent Robots and Systems (IROS), Detroit, United States, October 2023.

[C4] S Boche, X Zuo, S Schaefer and S Leutenegger,
Visual-Inertial SLAM with Tightly-Coupled Dropout-Tolerant GPS Fusion,
International Conference on Intelligent Robots and Systems (IROS), 2022.
